

THE FREQUENCY

Quarterly Newsletter

WELCOME!

Welcome to the first edition of **The Frequency**, your quarterly insight into the latest news, events, and innovations from SPX Communication Technologies. We're excited to share key updates and highlights as we continue advancing mission-critical communication solutions around the globe.

Company News

ECS LRQA ISO 9001 Audit - Our Enterprise Control Systems (ECS) team in Wappenham, Northants has successfully passed the LRQA ISO 9001 re-certification audit with zero non-conformances. Impressively, the auditor noted that ECS has maintained a flawless audit record for over three years - a rare achievement in the industry and a strong testament to our commitment to quality.

KTS Acquisition - We are proud to announce the acquisition of Kranze Technology Solutions, a key player in advanced digital interoperability for U.S. defence platforms. KTS brings powerful synergies to SPX Communication Technologies, particularly in Tactical Data Links, Communications Intelligence, and RF Countermeasures. This acquisition marks a significant step in expanding our defence communication capabilities.

Industry Events & Engagement

Our teams continue to represent SPX Communication Technologies at key global events:

- ♦ **IDEX 2025, Abu Dhabi** - We showcased our COMINT, Counter-UAS, and Data Link solutions to a global defence audience.
- ♦ **Polish C-UAS Symposium** - We highlighted our BLACKTALON Ecosystem to Polish and British defence leaders.
- ♦ **Security & Policing, Farnborough** - Our Business Development team connected with security agencies and police forces across the UK.

In The Spotlight

Graeme Forsyth's Counter-UAS piece in Soldier Modernisation entitled: "The Future of Defence: Innovation and Integration in Counter-UAS Technology"
