

THE FREQUENCY

Quarterly Newsletter

WELCOME BACK!

Welcome to the latest issue of The Frequency, our Q3 newsletter bringing you updates on the latest insights, innovations, and highlights from ECS and TCI (part of SPX Communication Technologies). We're excited to share the progress, achievements, and initiatives shaping the future of mission-critical communication around the world.

Company News

TCI Hosted USTTI Training at Fremont, CA - July

TCI hosted an incredible week of hands-on training in Modern Spectrum Monitoring and Management Techniques in USTTI '25, with 35 International participating representatives from 25 different countries.

From cutting-edge technologies to real-world simulations, participants explored the present and future of Spectrum Monitoring and Management by gaining the tools and knowledge to make a real impact in their organization - which proved to be another highly successful USTTI event.

TCI, ECS and KTS attended DSEI '25

As the world's premier defence and security exhibition, DSEI, held in September, provided the perfect platform to connect with global industry leaders and partners. This year marked an exciting first, as TCI and ECS teamed up with KTS - (Kranze Technology Solutions) to share a stand - a powerful demonstration of collaboration and innovation across our three brands.

A partner event was also held on the first day of the show attended by over 20 Partners from Europe and Asia Pacific including a guest speaker from NPAS (National Police Air Service) - bringing together leading voices from across the global defence sector.

Article featured in Soldier Modernisation: "The expanding drone threat: why modern countermeasures must extend beyond the battlefield" – by Graeme Forsyth

Our very own Graeme Forsyth authored an insightful article highlighting the evolving demands of today's electronic warfare landscape, and how our innovative solutions are helping defence forces stay ahead.

New Product Development

Spectrum Battlespace:

955/957 Rackmounted Systems – Launched in Sept at DSEI '25 - Press Release: [TCI launches two new Rackmount COMINT RF systems for success in modern electronic warfare - SPX Communication Technologies](#)

Data Links:

ECS Connect – Soft Launched at DSEI '25 – Hard Launching at European Rotors - Nov '25 (Also showcasing at Milipol - Nov '25) – press release coming soon...

Industry Events and Engagement

July:

UK 7ADGp C-UAS Expo on Thorney Island - focused on the evolving challenges and solutions in Counter-UAS technology where we showcased BLACKBIRD and BLACKTALON demonstrating how our C-UAS expertise continues to support defence and civilian domains in maintaining Airspace and Critical National Infrastructure

We were delighted to **welcome senior representatives from the Iraq MoD to ECS**, for an onsite Battlespace and Data Links demonstration, along with a full tour of our factory. The visit was organised by Mark Harrison, as part of our commitment to supporting customers in exploring our latest Data Link solutions and Battlespace C-UAS capabilities. The visit proved to be a great success and will be followed up by a further demonstration in the future to include experts from their Military Aviation branch.

September:

DSEI, London – TCI, ECS and KTS came together to showcase their capabilities on our shared stand.

EW Live, Tartu, Estonia – we showcased our battlespace solutions to military, government and defence delegates from around the world.

Culture & Community

At TCI and ECS, our Events Committees have been busy creating opportunities for our teams to connect and recharge. From wellness programs to fun team-building activities, their efforts continue to enrich our culture of teamwork, creativity, and care, making SPX Communication Technologies an even better workplace.

Social Media Campaigns

Here's a look at a few of the recent campaigns we have released that highlight our latest technologies and achievements and amplify our presence on social media:

USTTI Countdown Campaign: A countdown promoting our highly acclaimed USTTI Spectrum Monitoring and Management course held at TCI in Fremont every year

Company Campaign: our recent Company Campaign highlighted Data Links, Battlespace and Spectrum Monitoring Systems, and an insight into who we are and what we do.

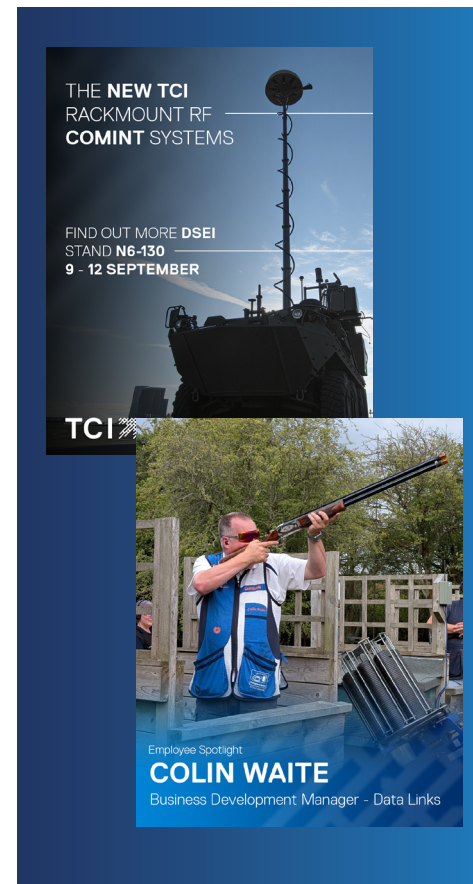

ECS Connect and 955/957/DSEI Countdown Campaigns - Countdown Campaigns promoting new products to be showcased at DSEI '25

Ongoing LinkedIn Campaign:

Employee Advocacy: we recently kicked off our Employee Advocacy Campaign with Colin Waite, Business Development Manager, Data Links, being the first up on the podium to say his bit! Colin's post proved to be highly successful, creating great engagement. Keep your eyes peeled for our next member of staff on the hot seat – who will it be..?

Follow us on Instagram and LinkedIn to stay connected and keep up to date with our ongoing campaigns
